EDUCATION

University of Portland | Portland, OR

M.S in Operations and Technology Management | Expected Graduation: May 2027

B.S in Computer Science | GPA 3.5 | Graduated: May 2026

EXPERIENCE

IT Help Desk Assistant | University of Portland | Jan 2026 – May 2026

- Deliver consultative technical support and hardware, software, and network troubleshooting.
- Translate complex workflows into user-facing solutions while maintaining data confidentiality.

IT Department Internship | Intrax Inc. | Jun – Aug 2025

- Designed and tested an automated pipeline to sync records and tasks between Salesforce and Airtable.
- Streamlined cross-functional operations by eliminating manual data entry and directly associating documentation with active workflows.

Research Assistant | University of Portland | Jan 2026 – May 2026

- Documented enterprise IT operations, system administration protocols, and technology alignment with business continuity goals.

Manufacturing & Operations Apprentice | LatticeStix Inc. | 2020 – 2025

- Assembled custom architectural wood products, adhering to strict manufacturing tolerances and quality control specifications.

TECHNICAL PROJECTS

Client Management Webapp | Cosmos Data Technologies, LLC & UP | Aug 2025 – Present

- Built a full-stack client portal utilizing ASP.NET, Node.js, Azure, and Vue3 to replace legacy tracking workflows.
- Collaborated directly with client leadership to map business requirements into responsive front-end components and RESTful backend services.

Custom Portable E-Reader | Personal Hardware Project | Aug 2026

- Prototyped a portable e-reader using a Raspberry Pi Pico (RP2040) and an e-Paper display via SPI.
- Programmed MicroPython firmware for screen refreshes, SD storage indexing, and low-power management.
